PROFESSIONAL SUMMARY

I am currently a student of Bachelor of Science in Information Technology from Northeastern College, and I will be graduating in 2028.Computer skills I have include troubleshooting, programming, web design, Microsoft Office, HTML, CSS, and JavaScript. My application is for the job of IT Support Staff because this role will enable me to apply my knowledge through learning from professional IT people.

TECHNICAL SKILLS

Computer troubleshooting basics: How to troubleshoot basic computer problems and ways to resolve them. Basics of Web Development: Basic concepts of HTML and CSS to develop websites and Basics of JavaScript. Basics of Programming: Basic programming skills learn through the course work. Productivity software skills: Usage of Microsoft Office to write papers and perform tasks in school.

General Technical Skills: Willingness to learn new software and ask for assistance.

ACADEMIC PROJECTS

Information Technology Student Projects Northeastern College

• This work was done as part of the school project work concerning information technology by applying the ideas taught in class.

• Learned how to create basic web pages using HTML, CSS, and JavaScript.

• Project data and documentation organized for the school using Microsoft Office Suite software.

• Followed project guidelines and completed project tasks as per requirements.

EDUCATION

Northeastern College - Bachelor of Science in Information Technology (BSIT) 2024-2028
Santiago City National Highschool 2022-2024
University of La Salette 2017-2021

RELEVANT QUALIFICATIONS

• Now prepared for learning skills of IT support and office.

• Willing to be receptive of feedback.

• Capable of organizing work from homework and projects from school.

• Looking ahead at developing more skills in relation to technology and communication.

EXPERIENCE

Job applicant applying for the first time. My coursework and academic assignments have helped me learn how to practically apply concepts. Willing to learn and gain experience as part of the IT support team.
